

## Dress Sizing & Measurements

**AN IMPORTANT NOTE:** All dresses should use the full width of the fabric (44"). This allows the girls room to run and play. (Sizes 12-14 should also have a 3-4-inch 'kick-pleat' in the side or back seam.) Please serge hem and casing OR turn under ¼" first before hemming approximately 1". (There is no need for a deep hem, as the girls usually don't have ability to let down a large hem.)

All raw edges should be finished with a French seam, serging, or a zigzag stitch in the seam allowance so that the seam is as reinforced as possible.
